

STANDARD ACCESSORIES

HYDRACLEAN® C-200

- Effective solvent-based multipurpose cleaner and degreaser for electrical cable insulation, fiber optic cable constructions, metal, electrical and mechanical parts
- Does not contain ozone-depleting solvents or CFC's
- Excellent dielectric properties
- Complete evaporation – leaves no conducting residue
- Safe to work with – does not contain any known or suspected carcinogens
- No adverse effects on high and low density polyethylene, XLPE polyvinyl chloride, EPR or semi-conducting jackets.
- Mild odor, pleasant to work with – does not contain "citrus-based" solvents

DESCRIPTION	PACKAGING	SHIPPING WEIGHT (LBS)	PART #
Towelette (12"x12") 1/pack	144 packs / CTN	20.0	20000013
Quart Bottle	12 Bottles / CTN	20.7	20000011
1 Gallon Jug	6 Jugs / CTN	43.0	20000012

PROPERTIES	TEST METHOD	VALUE
Appearance	–	Clear liquid
Odor	–	Mild solvent odor
Flash Point	ASTM D93	147F (PMCC)
Evaporation Rate (n-Butyl Acetate=1)	ASTM D1901	0.10
Vapor Pressure @ 77F	–	<3mm Hg
Vapor Density (Air=1)	–	<1
Specific Gravity	ASTM D287	0.793
Boiling Range	ASTM D86	367° - 400°F
Pour Point	ASTM D97	-60°F
Solubility in Water	–	1.01% weight (negligible)
% Non-volatile Residue	ASTM D2369	<100 ppm residue
	(modified test: 10 gram sample @ 158°F)	
Dielectric Strength	ASTM D877	>50,000 volts
Corrosion Test	24 hours immersion @ 75°F and 122°F	Non-corrosive to steel, copper and aluminum
Stress Cracking	ASTM D1693 (14 days @122°F)	No cracking seen in LLDPE< LDPE, HDPE

NOTE: Although C-200 Multipurpose Cleaner is formulated to have a low level of toxicity, prolonged contact may cause skin drying in some individuals. To minimize contact, gloves and appropriate work clothing should be worn. C-200 is easily washed off the skin with soap and water. If C-200 Multipurpose Cleanser gets into the eyes, flush with water. Medical attention should be obtained immediately if taken internally. Do not induce vomiting. Use caution when cleaning equipment around sources of ignition. Keep away from heat, sparks, and open flames. Consult C-200 Multipurpose Cleaner Material Safety Data Sheet for additional information.
